## BABY'S SHOES.

- Ten dollars isn't so very much When it's all ye git for a week,
- For working in a sawmill Down there beyond the creek; I never could save a nickel, Whereat my wife did repine,
- Till our baby came to bless us, That ifflie girl of mine,
- Then somethin' seemed to start me In a way I never knowed, I wasn't tired or workin'
- Or watchin how she growed; An' when she got to standin' And tried to toe the line, I got some shoes made special
- For that little girl o' mine. They wasn't very fancy But they did for baby's feet, An' her mother 'cinred to goodness
- They was kind o' extry neat; An' somehow as I'd started, It took but little time To stint myself that I might save For their little girl o' mine,
- An' then my wife got jealous, She sez to me one night: "As now you've fixed our darlin" It is nothing more than right That I should be remembered all your next spendin' time."
- Quite true, she needed shoes as much As that little girl o' mine. Well, the follerin' Senday mornin', When she was feadin' the 'news,"
- I said: "Go round this week, my dear An' bug your Sunday shoes. She locked surprised but kind o' cute, As if she saw my design
- Of riggin' her up as toney "As that little girl o' mine. And after that she persuaded me
- To buy a piece of ground, An' pay up periodical As each month came around It pinched me hard to do it. But I couldn't well decline, For I wanted a nest built special
- For that little girl o' mine. What schemes these wives contrive For men as doesn't think. I'd precious little time or cash
- For to waste in sport or drink She'd allus stop me grumblin' If I set out to whine, By p'inting to our idol That little girl o' mine.
- Then next, as luck would have it, The foreman in our mill He up and riz my wages, And highly praised my skill; He spoke so very kindly, With words so nice and fine;
- I told it all at evenin' To that little girl o' mine. When once a feller rises. The rest ain't half so hard; The world seems kinder partial
- To a sober, steady pard. An' when you gits a sayin' Somehow things will combine: I felt like I was getting rich For that little girl o' mine,
- Now I'm old, but hearty, My girl has gone away: She's married, well and happy, An' I'm thankful for the day
- And be a blessed sign To guide my steps aright in life-That little girl o' mine.

human body is the LIVER. When it falls to properly perform its functions the entire system becomes deranged. The BRAIN, KIDNEYS, STOMACH, BOWELS, all refuse to perform their work. DYSPEPSIA, CON-STIPATION, RHEUMATISM, KIDNEY DIS-EASE, etc., are the results, unless something is done to assist Nature in throwing off the impurities caused by inaction of a TORPID LIVER. This assistance so necessary will be found in
